

## **INTERNATIONAL TAXATION & TRADE REMEDIES**

### **Service Overview**

#### **Anti-Dumping Duty Investigations**

SBA advises exporters, producers, and industry associations in anti-dumping investigations initiated by Indian and foreign authorities. Our support spans technical analysis, data preparation, and strategic representation before investigating bodies.

#### **What We Do**

- Preparing complete, verified datasets and questionnaire responses
- Coordinating with authorities during on-site and virtual verifications
- Representing clients before investigating and judicial authorities
- Reviewing accuracy, normal value, and injury assessments
- Developing evidence-based arguments to secure fair duty outcomes

#### **Impact**

Our approach ensures compliance, reduces exposure to punitive duties, and strengthens the credibility of client submissions.

#### **Anti-Subsidy (Countervailing) Investigations**

We assist clients in responding to countervailing duty cases through structured submissions grounded in program analysis, subsidy attribution, and financial verification.

#### **What We Do**

- Compiling and validating subsidy-related data across eligible programs
- Preparing detailed questionnaire responses and annexures
- Advising on benefit calculations and financial documentation
- Representing clients before domestic and international authorities

#### **Impact**

Our team helps clients present accurate, defensible data that aligns with global trade-remedy standards.

#### **Safeguard Duty Investigations**

SBA supports industries facing import surges that disrupt market conditions by providing analytical, procedural, and representational assistance for safeguard petitions.

#### **What We Do**

- Drafting safeguard petitions supported by demand, supply, and injury assessments
- Validating industry data and ensuring procedural compliance
- Representing clients during hearings and consultations
- Monitoring compliance and post-filing requirements
- **Impact**
- We help industries demonstrate material injury and secure appropriate trade protection measures.

### **Export Benefits & Incentives**

We advise exporters on optimizing benefits under India's trade facilitation and export promotion schemes.

#### **What We Do**

- Assessing eligibility under schemes such as MEIS, RoDTEP, SEIS, EPCG, and duty exemptions
- Preparing and filing accurate claims and documentation
- Ensuring compliance with evolving policy requirements
- Advising on risk exposure related to audits and DGFT scrutiny

#### **Impact**

Our guidance helps exporters maximize available incentives while staying compliant with policy changes.

### **Customs Litigation & Representation**

We provide comprehensive litigation support in customs disputes involving classification, valuation, exemptions, notifications, and procedural issues.

#### **What We Do**

- Drafting replies, submissions, and appellate filings
- Representing clients before adjudicating, appellate, and judicial bodies
- Strategising case positions based on precedent and risk assessment
- Managing litigation timelines and compliance requirements

#### **Impact**

Clients benefit from structured, legally grounded representation that strengthens their position across forums.

### **Customs Policy & Advisory**

SBA assists businesses in achieving clarity and compliance in customs operations, ensuring smooth cross-border trade.

#### **What We Do**

- Advising on HS classification, valuation rules, and import-export procedures
- Supporting applications for licenses, registrations, and authorizations
- Offering end-to-end advisory for customs compliance and operational efficiency

#### **Impact**

We enable clients to minimize compliance risks, streamline processes, and adopt best practices aligned with global standards.

### **About Us**

SBA Group is a global firm committed to delivering high-quality services to clients worldwide. With a legacy dating back to 1953, SBA Group has evolved from a focus on audit and taxation to a diverse portfolio of services, including International Taxation Consulting, Audit and Assurance, Business Advisory, Innovation and Technology.
